9-YEAR-OLD NILES GIRL ACCIDENTALLY SLAIN BY BROTHER

A shot, accidentally discharged from a rifle with which her brother was playing, last Friday afternoon took the life of little 9-year-old Nola Jean Miller, Niles.

The youth, Travis Miller, 15, told sheriff's deputies that he had pointed the rifle at his sister's girl friend, Duane Chrysler, 9, of Centerville, and then at Nola Jean, telling them in play that he was going to shoot them as they sat playing in the living room of their home at 223 Deer Road in Canyon Heights.

Then, he said, he tried to get the cartridge out of the borrowed .22 rifle and the gun went off.

The bullet struck Nola Jean in the neck, severing an artery. She died within minutes of the shooting.

Mother of the two children, Mrs. Ola B. Miller, was at work at a Niles nursery when she learned of the shooting and collapsed when she arrived home to find her curly-haired blonde daughter dead.

The little victim was in the fifth grade at the Niles Elementary School, where she was described as a "model student." Her brother, Travis, attends the seventh grade.

Mrs. Miller and her husband, Llony, have been separated for the past three years and he is believed to reside in Oklahoma.

In addition to her parents, Nola Jean is survived by six brothers and sisters, Floyd of Oakland; John, R. E., Norma Louise, Clyde and Travis, all of Niles.

Funeral services were conducted from the parlors of the Berge Mortuary Company in Niles on Monday by the Rev. W. F. Hunter, pastor of the First Baptist Church.

Burial was at Santa Clara City Cemetery.

NEW LOCAL MANAGER FOR TELEPHONE COMPANY

The appointment of K. K. Kenchelian as manager of the Hayward telephone exchange was announced this week by L. T. Marshall, district manager of the telephone company.

Kenchelian succeeds W. W. Cole who will move to the San Francisco headquarters. Cole has been manager of the Hayward exchange since May of 1948.

NO SOLICITATIONS FOR THE MARCH OF DIMES

Residents of the township were warned this week by J. V. Goold, co-chairman of the March of Dimes campaign here, not to give their contributions to the polio fund to any solicitors.

Goold stated that he had learned that a crippled youth had been making a house-to-house canvass for funds, without authorization and without having as yet turned in any of the contributions to the local workers.

"Persons wishing to contribute to this worthy cause should place their donations in the boxes which have been placed in most stores of the township," Goold stated.

CONTINUATION OF WINTER INDICATED

If the predictions of Mr. Groundhog can be relied upon this area is in for a continuation of the cold rainy weather of the past few weeks.

The esteemed underground prophet who, according to legend, emerges on February 2 for a sniff of fresh air and scurries back into his hole if he sees his own shadow, indicated to local observers yesterday that the bright sunshine was not to his liking.

In the meantime, residents of this vicinity shivered from the icy winds and argued over the low reading of their own thermometers. No two agreed on the exact reading, but all were in accord that the mercury had skidded into the very low 20's each morning and that it was "darned cold."

Rainfall last Friday totaled 1.27, the second heaviest of the season. A light shower on Tuesday amounted to .03, bringing the season's total since July 1, 1949, to 10.38 inches, nearly double the 5.25 inches recorded at the Southern Pacific depot in Niles for the corresponding period last year, and well over the 6.66 inches for the same period in 1948.

Ken Bruner, station agent at the Niles depot, pointed out yesterday that with five months remaining in the recording period only 2.69 inches of rainfall is needer to equal last year's 12-month total and 4.81 inches to tie the 1948 total of 15.19 inches.

YOUTH RECREATION DISTRICT PROPOSED FOR THIS AREA

The proposal to form a recreation district in Washington Township won the endorsement of representatives of local civic organizations at a meeting held last Thursday evening, but a further study is to be made before the proposition is presented to the general public for vote.

The meeting was opened by Harold Schoenfeld, supervisor of health and physical education for Alameda County Schools, who explained the plan in brief. Schoenfeld stated that the plans, now in operation in many counties, provide for supervised recreation for all ages on a year-around basis.

The group then named Kenneth Foster, Newark, to head a committee to make further study of the feasibility of the plan.

Foster named to his committee: Dr. E. M. Grimmer, Irvington, representing the Washington Township Taxpayers Association; Dallas Paul, president of the Washington Township Chamber of Commerce; Ralph Goodwin, president of the Centerville Lions Club; Pete Juhl, representing the Niles Rotary Club; A. E. Alameda, representing the Washington Union High School Board of Trustees; Mrs. Alvena Brune, representing the Alvarado Mothers Club; and Arthur Gomes, commander of the local Legion post.

Also named were the following representatives from communities of the township: Mrs. A. E. Enos, Centerville; George Scamman, Irvton; John Cattaneo, Niles; L. W. Musick and Manuel White, Decoto; Mr. and Mrs. M. E. Amaral, Alvarado; L. H. Maffey, Warm Springs, and Fred Melhase, Newark. Yet to be named are representatives from Mission San Jose and Alviso.

The next meeting of the group will be held at the high school on the evening of February 23 when reports and recommendations will be made.

BANDITS LOOT NEWARK STORE

The O'Mara Home Furnishings store in Newark was burglarized late Friday night or early Saturday morning and loot estimated at between $500 and $600 taken.

Edward Mara, owner and operator of the store, reported to Deputy Sheriff Robert Moore that the burglars took approxamitely $7 in cash, an electric sewing machine, a Gladiron ironer, 1 electric blanket, a Zenith radio and a steam iron.

Entrance was gained by cutting the padlock on the front entrance.

COUNTY FORMALLY ACCEPTS GRIMMER SITE FOR BUILDING

Formal acceptance of the three acres donated by Dr. E. M. Grimmer of Irvington to Alameda County as a site for the new county building in Washington Township was received this week.

Dr. Grimmer told the members of the Irvington Chamber of Commerce at their weekly luncheon on Tuesday that he had received a letter from the Alameda County Board of Supervisors accepting the offer and thanking him for his donation.

He reported that the letter stated that the county had selected three acres on the western side of the 20-acre tract, as radio reception was better there than on the eastern side.

He stated that the county had agreed to grant him easements for a waterline that passes through the three acres they have selected.

The site on which the county will erect the building to house branch county offices here is located on Fremont Avenue one mile from Centerville and 1.4 miles from the Niles-Mission San Jose Highway.

Supervisor Chester E. Stanley has reported that the cost of construction of the new building would be included in the 1950-51 budget, which will be set up for July 1. He expressed belief that actual construction would begin this summer.

Actual size of the building is dependent upon the number of county agencies that request office space, Stanley said.

YOUTHS OF 18 MUST REGISTER AT ONCE

Selective Service officials are calling the attention of all young men of 18 years of age to the fact that they must register with Selective Service on the day they become 18, or within five days thereafter.

The reminder was made necessary because of the delinquency of some individuals who have postponed registering for as long as several weeks.

The office for registering for residents of Southern Alameda County is at the Ellsworth Company in Niles, at 605 First Street.

Young men in this area who registered within the past two months are:

Oliver Edward Cordeniz, David Leroy Bishop, Edwin Alexander Watts, Raymond John Lara, Relio Reyna, Glenn Edward Buchelder, Rojelio Barrera, Leovardo Iturribarria Ramirez.

Takeshi Tom Hashimoto, Raymond Jimmie Andrade, Ralph Herold Garibaldi, Salvador Edward Guerrero, Ronald Louis Berryman, Richard Yamate, Thomas Chester Gunn Jr., Esiquio Campos Torres.

Frank Bigby Jr., Raymond Montellano, Donald Anthony Martin, Kazuho K. Kawaguchi, Joseph Francis Moura, Manuel Nieves, Jose Luis Rizo, Anthony Joseph Faria, and Joseph Dwain Bettencourt.

ANNEXATION MEET SET FOR FEB. 8

A meeting of all persons owning property between Clarke Bridge and the end of the old Canyon Road has been called for Wednesday evening for a discussion on annexing to the Union Sanitary District.

The majority of the 26 property owners involved have expressed desire that their land be taken into the sanitary district and they will meet at the Niles Justice Court at 8 p.m. with officials of the sanitary board.

Members of the sanitary board have stated that they will have figures representing the approximate cost of construction of sewer lines through that section of residences.

EVENING SCHOOL FORUM TO FEATURE FARM PROBLEMS

Through the cooperation of the officers of the Washington Evening School and the Washington-Eden Center of the Alameda County Farm Bureau, the annual Forum presented to the public by the school will this year deal with agriculture on a local and national scope.

Warren Gravestock, principal of the evening school, working together with Richard Johnson, chairman of the local farm center, has scheduled four lectures to be held in the school auditorium on the evenings of February 27, March 13 and 27, and April 10.

OPENS FEBRUARY 27

The series will open with a news report of economic conditions in Western Europe to be given by Dr. Murray R. Benedict, professor of Agricultural Economics at the University of California." During World War II, Dr. Benedict was consultant in the Lend Lease Administration, Washington, D. C., and has just returned from Europe where he was a United States delegate to the International Conference of Agricultural Economics.

A highly controversial topic, "Federal Subsidies—Brannon and Anderson Plan," will be presented the evening of March 13 by George Alcorn, marketing specialist. Mr. Alcorn, a popular speaker and an authority on current economic conditions, will interpret the Brannon and Anderson subsidy plans and discuss the effects on farmers and the non-farmers.

PROMINENT SPEAKERS

"Outlook for Expanding Markets" will be the subject of the March 27 Forum with Matt Triggs, director of the Commodity Service Department, California Farm Bureau Federation, as the guest speaker.

The final lecture of the series, "Social Security and the Seasonal Worker," will be given the evening of April 10 by Cruz Venstrum, secretary of the Labor Problems Committee, California State Farm Bureau Federation. Mr. Vestrum is making a study of the pending legislation of Social Security and is considered especially qualified to make this presentation.

HIGHWAY THROUGH NILES CANYON BLOCKED BY SLIDE

Highway traffic through Niles Canyon was cut off for more than three hours early Tuesday morning by a landslide that covered the highway approximately three miles east of Niles.

Tons of dirt and rock, believed loosened by roadway construction work and the recent heavy rainfalls, tumbled onto the highway just beyond the Southern Pacific railroad overpass.

One motorist, John Amos, narrowly escaped being crushed beneath the avalanche. Enroute to work at the Pacific States Steel Mill about 5:20 a.m. from his home in Kilkare Woods, Amos noticed scattered rocks in the roadway but thought that he could get by. As he drove into the slide area "the whole hill began to move," Amos said. He jammed his machine into reverse and backed out just as tons or dirt, rock and trees crashed onto the road.

Large trucks, unable to turn around in the narrow roadway, were lined up behind the slide for several miles. Passenger vehicle traffic was rerouted through Mission San Jose.

Bulldozers were rushed to the scene and cleared a one-way path about 8:30 a.m. Motorists are still warned, however, to beware of falling rocks in the area.

'SCOUTS IN ACTION' SHOW AT W.U.H.S. EVENING OF FEB. 11

Boy Scouts and Cub Scouts of Washington Township are busy this week making final arrangements for their "Scouts in Action" show which they will stage for the public in the gymnasium of Washington Union High School the evening of February 11, in conjunction with Boy Scout Week.

The show is being given here for the first time this year. In past years the local troops have participated in the Hayward show. Fred Duffie, Niles, activities chairman, has pointed out that it is dependent upon the attendance at this year's show whether or not the show will continue to be staged here in future years.

Phil Souza, Centerville, chairman of arrangements, announced this week that troops from Niles, Decoto, Irvington, Centerville and Newark will participate.

The show is presented to afford the public an opportunity to see the work and achievements of the Scouts during the year. There is no admission charge. Activities are slated to begin at 7 p.m. and close at 10 p.m.

Cub Packs from Newark, Centerville, Niles and Irvington will display crafts completed and now being studied.

A stage show will be presented at 9 p.m. followed by the impressive Court of Honor, presided over by George Coit, Centerville.

Niles 'Flooded' With Silver Dollars Honoring Kraftile

Heralded by a parade down Main Street, observance of the 25th anniversary of the Kraftile Company began early Wednesday afternoon. The procession was led by the county sheriff's mounted posse, flags flying, behind which followed a car in which Kraftile officials carried 4,000 silver dollars for the February 1 payroll.

During the month, these silver dollars will be an important medium of exchange in Niles and other towns of Washington Township. They will symbolize the importance of local industrial payrolls to the life of the community.

Every store window in Niles is decorated with banners announcing Kraftile's "Silver Dollar Anniversary." Merchants are advertising "silver dollar specials." Streamers of flags, between which are hung huge silver dollars, give Main Street a festive appearance.

Townsfolk in large numbers turned out to see Wednesday's parade. The largest and most enthusiastic group of spectators were the students of the Niles Elementary School, who were released from their classes while the parade passed.

Observance of Kraftile's 25th Anniversary began with a luncheon at the International Kitchen, at which 97 persons were present, all guests of Kraftile. Present were the officers and members of the Niles Chamber of Commerce, Mayor Clifford Rishell of Oakland, Assemblyman Francis Dunn Jr., J. L. Kraft, chairman of the Board of Kraft Food Products Company, Harry Kraft, County Auditor Eugene V. Waring, President William Park of the Oakland Chamber of Commerce, President John Brahmst of the Niles Chamber of Commerce, President Dallas Paul of the Washington Township Chamber of Commerce, and many other business and organizational leaders.

President C. W. Kraft of the Kraftile Company gave a brief history of the company's 25 years in Niles. From a small beginning, the organization has grown to employ 83 persons, with an annual payroll of $300,000. Sales amount to $700,000 annually.

After the luncheon, the guests gathered at the Central Bank while the 4,000 silver dollar payroll was collected. Then the colorful sheriff's posse led the parade to the company's plant. During the remainder of the afternoon, the Kraftile Company held open house, conducting visitors through the entire plant in small groups.

Before Niles stores closed that evening, Kraftile's silver payroll dollars—emphasizing the importance of local industry to the life of the community—already were being exchanged for food and merchandise.

EXTEND MARCH OF DIMES CAMPAIGN

Washington Township's annual polio fund appeal—the March of Dimes—has been extended to February 14.

Co-chairmen J. V. Goold and E. Dixon Britow made the announcement this week, stating that there has not been sufficient funds collected locally to carry out the necessary work during the coming year. The drive was originally scheduled to close on January 31.

"Because of the urgent need, all funds were exhausted last year during the nations' worst epidemic," Bristow said, "thus it is necessary that we collect a greater amount of money this year than was raised during last year's campaign."

FOLK-DANCING AT COUNTRY CLUB

"International Relationships" will be the subject of an address to be made by Mrs. W. B. Rider, state chairman of the Council of International Clubs, before members of the Country Club at the regular meeting next Tuesday.

To carry out the theme of internationalism, the program will be concluded by the dancing of the Italian quadrille and the Russian polka by some of the township's folk dancers. In the groups will be Mmes. Ruth Robbins, Fern Overacker, Theo Overacker, Florence Thompson, Mary Fontes, Emma Marks, Hallie Stollenwerk and Lita Boone.

OLD MISSION AT MISSION SAN JOSE TO BE RESTORED

Remains of the famous old Mission De Guadalupe at Mission San Jose, erected in the days of the early Spanish settlers, will be restored to their original form by modern construction this spring.

Marcus S. Carlson, Alameda County building inspector, revealed this week that he has issued a permit to the O. C. Moroney Company, Burlingame contractors, covering repair and restoration of the building.

Carlson said that the work was estimated at a value of $25,000 to $30,000 and the project will get under way immediately, with the completion hinging on weather conditions.

Included in the work will be the restoration of the south wing, a section of the shrine which has been walled off from the public for several years due to the crumbling walls and roof.

After a personal inspection of the building, Carlson said that most of the timbers still remaining in the building were "as fine as they were when originally installed."

According to historical data the timbers of redwood and pine were hauled from the mountain regions by the Ohlone tribe of Indians to the site of the mission.

New wooden timbers used to take the load off the adobe walls will be hidden, so as not to detract from the original beauty of the building, Carlson added.

Why Kraftile Likes Niles

A GUEST EDITORIAL

By C. W. KRAFT

PRESIDENT, KRAFTILE COMPANY

The advantages of industry to a growing community are oft repeated—and rightly so. A community must maintain a "balance of trade" and have sources of income with which to pay for goods shipped in from the outside.

In the case of a heavy clay products industry, the most important factor governing location is the weight of its products compared to their value. Clay supply and major market must be as close together as possible. This happy combination occurs at Niles as is attested by the fact that the Niles-Decoto area is the home of four clay products plants.

"Niles Red" clay is well known for the rich red color that it imparts to brick and tile, second to none in Northern California. In addition about 40 per cent of the population of the state lives within 100 miles of Niles—and people make markets.

Another important thing in locating Kraftile near Niles was lower land costs and lower property taxes.

Rail and highway connections are also important. We have been able to distribute products other than of our own manufacture throughout the Bay Area without competitive disadvantage of other distributors located "in town." Beyond the Bay Area, Kraftile supplies Glazed Structural Wall Units, a clay product of higher per ton value, to construction jobs in the seven Western States area, being centrally located for shipments to Southern California, Salt Lake City, the Northwest and to the docks for shipments to Hawaii and Alaska.

In the past twenty-five years industry has been decentralizing, a trend that has been hastened by World War II. War or no war, we like it because the working conditions are better than in a city and employees are "solid citizens" of their communities. They serve as school and church trustees, commissioners of fire and sanitary districts, youth leaders, and are active in professional, trade and civic organizations.

Fifty-four per cent of Kraftile people are home owners, 80 per cent are married and average between one and two children per family.

Ten per cent of our men have been with us 20 years or more, 64 per cent have been with us from 5 to 15 years. Two of our original crew of six have been with us since the plant started 25 years ago—and one has since rejoined the organization! The fundamental difference between one organization and another is its people—and we're proud of ours.

Not the least of the attractions of Washington Township is its climate. This has been a definite asset to Kraftile in enticing technical personnel from other parts of the country to come and cast their lot with us.

Truly the slogan of the Niles Chamber of Commerce, "The Community That Has Everything—good climate, natural beauty, rail and highway transportation, industry and agriculture" is no exaggeration.

A CERAMICS DISPLAY

The coming meeting of the Mothers Club will be held on February 9 at the school and one of the highlights of the evening will be the "ceramics display" which our own Kathleen Amaral of Linda Vista Park will show to them and answer questions concerning the making and painting of these beautiful articles. She has a very lovely display and is very adept at this kind of work. The committee in charge of the play to be given met on Wednesday evening with those interested in trying out and parts will be assigned very soon.

NEW HOUSEKEEPER

Mrs. Conlan is welcomed into our midst as the new housekeeper at the St. Joseph parish house, taking the place of our late and beloved Anna McGovern.

BIRTHDAY WISHES

Birthday congratulations go this past week to Cecelia Schneider, 17, Della Mora, 19, and Marveen Lofton who was 12.

MOVE TO DECOTO

Mr. and Mrs. Gilbert Mora, who have been residents of the Mission for many years, have moved to Decoto to make their home.

MOVE TO IRVINGTON

Herbie and Marie Santos have deserted us for the big city of Irvington. Both were born and raised in the Mission and since their marriage last year have been living in the cute little house back of Joe Reis'. It has been purchased by Eddie Santos. Why? Don't tell us our popular jitter bug is going to be caged.

BIG SUCCESS

The Catholic Daughter Whist party held at the school last Friday was a fine success even with the night out being "not fit for man or beast." Walter Connolly conducted the affair and the 21 tables of players enjoyed the evening very much. On the 6th of February they will have their monthly meeting, which will be a Valentine party for the members only.

TO WESTERN DANCE

Mr. and Mrs. Larry Thompson, Rosalyn Garcia, and Donald Hays went to San Jose Saturday evening to a western dance where they met Danny Silva and his friend. They enjoyed the evening very much and refreshments were served during the evening. A very unusual stunt these days included in the price of admission.

A RARE VISIT

Friends were glad to see Mrs. Alice Ferreira, the former Alice Silveira of quite a few years back, as she made one of her rare visits to the Mission. She is now living in Hayward and only a few days ago her eldest daughter, 19, eloped to Reno where she was married. No details were given but it was nice hearing about one of our former Missionites.

VISITING FRIENDS

Another one of the boys who used to live where the Bonners now have their garage, was back in town to see many of his friends. He is Frank Seppi Jr. who, with his wife, spent several hours here and visited Pop Telles and family. They now reside in Stockton.

NEW CAR OWNERS

Some more new car owners and also some old new ones are the Loftons, a new pickup; the Tony R. Santos and Eddie Rogers, new cars, and Lawrence Rogers Sr. is now driving a car formerly owned by Joseph F. Azevedo.

A NEW McCLURE

Last week I was given some of the details on the arrival of a little one but no name was included, so I waited until I could contact the proud grandmother, Mrs. Margaret Moore McClure. Here is the finished product:

On January 18 at 3 p.m. in San Francisco, Mr. and Mrs. Stuart McClure presented the members of their family with a son weighing 7 pounds and 11 ounces. This little tyke who was named Ro-an (a Scotch name from several generations back and pronounced as Rowan without the "w"), full name being Roan Adams (for his mother's side of the house). McClure is a fifth generation McClure. His great-great-grandfather was the late Richard Alfred McClure who settled in the Mission many years ago and lived in the big white house which is now torn down, near the school.

One the other side of the McClure family is the Moores and he is the great-great-grandson of William Whiteside Moore, former Centerville pioneer and grandson of the late A. A. Moore of Oakland and the Mission, whom many folks knew and remember.

His immediate grandparents are Mr. and Mrs. William Woods Adams of San Francisco and Mrs. Margaret Moore McClure of the Mission and Col. David McClure now on overseas duty in Germany. He has a half-brother, Woody, son of Mrs. McClure by a former marriage and Torrance McClure, a half sister who lives in Virginia with her mother.

BEING PREPARED

Mission is sort of going forward slow but sure and the latest improvement in town, so most folks think, but some think it is quite a joke, is the numbering of the houses for easier location. All lots and old unoccupied houses have been assigned numbers just in case that Mission grows as fast as some of our visitors predict.

WASHINGTON FIVES SCORE FIRST WIN IN LEAGUE PLAY

The victory-hungry Washington basketball squads chalked up their first wins in four Santa Clara Valley Athletic League games Tuesday by downing the Gilroy quintet on the home maples.

Coach Don Wolfe's lightweight squad scored early and held safe margin throughout the game, winning 31 to 17. Nieves led the locals with 11 points.

Coach Clyde Voorhees varsity squad scored early and held a safe bucket-hitting accuracy in the first half of their encounter and went to the dressing room for their half-time rest trailing 11 to 18.

They took the floor in the second half with renewed life and shattered the zone defense of their opponents to register 29 points while holding the opposition to 10. The second-half onslaught was led by Juhl with 14 points and Morlos, who added 10 tallies.

Last Friday both squads lost S.C.V.A.L. games to the powerful Santa Clara squads, the 30's losing in an overtime period 32 to 28 and the varsity bowing to a thorough 45 to 28 drubbing.

At 7:30 tonight (Friday), the squads will open a double-header on the Mt. View court in a conference series.

Monday evening at 7:30 o'clock they will play a double-header against the Washington Alumni on the home maples.

Tuesday at 3:30 p.m. they will be hosts to the Menlo quintets in a non-conference double-header.

More than 2,300,000 Cub Scouts, Boy Scouts, Explorers and adult leaders will observe the 40th anniversary of Scouting.

DECOTO SCHOOL

Report card time has come again. They were given out Monday. The third quarter has now begun.

The Physical Education program is going to be revised so that the play field will not be so crowded as it has been this year with our increased enrollment. New squads were chosen Tuesday.

The whist party held at the Decoto School last Friday night was a great success.

A basketball game was played on January 19 at the Bret Harte school in Hayward, an overtime game. The game ended 20-21 in favor of Bret Harte. The top point man for Decoto was Raul Orozco with 13 points.

Another basketball game was played at Washington High School with Alvarado on January 20. Raul Orozco was again the top man with 20 points. The score ended 31-11 in favor of Decoto.

V.F.W. MEMBERSHIP OVER 100 MARK

William A. Marlen, commander of the Niles Post, 8293, V.F.W., revealed this week that the membership in the local post during the current membership campaign has gone over the 100 mark.

The campaign has been on since the first of the year to bring in new residents of this vicinity who served overseas during either World War I or II.

The local post meets the first and third Tuesday of each month in the Veterans Memorial Building, Niles.

A game was played at Livermore on Tuesday and yesterday a game was played with Niles at Decoto.

The Eighth Grade classes have been awaiting the arrival of their class rings and pins for the year of 1950. They expect them this week.

Return from Southwest

Commander and Mrs. Ralph Robison have just returned from a two week jaunt down to Palm Springs and in to Arizona. Mrs. Robison laughingly remarked "We came back here for the winter," saying it was unusually cold in the places they visited. Even at Palm Springs the girls were "running around in sun suits, covered with fur coats."

Birthday Celebration At Hardy Home

Mrs. Charles Malloy of San Francisco was the guest of honor at a birthday celebration recently at the home of her parents, Mr. and Mrs. James Hardy of Newark

A buffet supper, featuring roast turkey, was very much enjoyed by the following guests: Mr. and Mrs. Malloy and son Jackie, Mr. and Mrs. Grinter of Watsonville, Mr. and Mrs. Ed White of Newark, Mr. and Mrs. Granville White of Newark, and Tom McHugh of San Francisco.

The guest of honor was presented with many birthday gifts.

Out of Town Guests At Newark

Returning to their home in Norcatur, Kansas, last Sunday were Dr. and Mrs. J. W. Pool, who came to Newark for the funeral of Charles Pool.

They had been guests at the home of Mr. and Mrs. Robert Lloyd.

Also visiting in Newark are Mr. and Mrs. Bud Patterson of Los Angeles. Mrs. Patterson is the daughter of Dr. and Mrs. Pool.

Shower Given for Mrs. Bruce Nickel

A stork shower, in honor of Mrs. Bruce Nickel (Jean Oliveira) was given last Saturday by Mrs. Archie Duarte of Niles.

The handsome array of gifts were arranged under an umbrella of pink and blue crepe paper. The long-legged bird, always traditional at such an affair, was also part of the decorating scheme.

Those invited to the party were: Mmes. Edward Oliveria, Clarence Musgrove, John Musgrove, Arthur Duarte, John Amarant, Ernest Henriques, John Furtado, Bill Keul, Bill Mancebo, Joseph Machado, Alden Chamness, Woodrow Nickel, Bob McIvor, Bill Jones, Anthony Alexander, Jim Fitzhugh, Alex Campouris, Louise Blevens, Bob Graber; and the Misses Shirley Butler, Elaine Lewis, Laverne Harvey, Vivian Duarte, Diane Avakian and Barbara Re.

Her Third Birthday

Little Pamela Texera, daughter of Mr. and Mrs. Richard Texera, celebrated her third birthday last Monday evening at her home in Newark.

Those who came to wish her "happy birthday" were Mr. and Mrs. Tony Ornellas and daughter, Cheryl, Russell and Sandy Pierce, Mr. and Mrs. Ernest Rose and Olinda, and Mr. and Mrs. Walter Texera.

A big birthday cake was the highlight of the evening, and was thoroughly enjoyed by the little birthday celebrant, as well as the guests.

At Church Luncheon

Mrs. O. B. Stanger of Canyon Heights and Mrs. Clyde Lindsay of Decoto motored to Oakland Tuesday to attend a luncheon at the Latter Day Saints Church in honor of the visiting teachers.

Local Woman Hears Son Talk from Guam

Mrs. Flora Connor, Niles school teacher, experienced a few very exciting moments one evening last week when she answered the phone to hear a voice saying, "We have a short wave message for you from your son in Guam."

She could hear her son, John, speaking with amazing clarity considering the great distance. It seems that he has become acquainted with a short-wave operator over there who, in turn, communicates with an operator on this side. It is quite unusual to receive such a message by phone, and Mrs. Connor was naturally thrilled.

John told her that he plans to go to Japan the last of April for a three week leave.

When he had finished talking, Mrs. Connor sent him a message by short wave. "It was all very exciting," she concluded, "and to think that I almost went to Oakland that evening. I guess it was my lucky star that kept me home."

Dancing Party for Younger Set

The new rumpus room that the M. S. Silvas of Jones Way, Niles, have just added to their home came in for a thorough "rumpus-warming" last Saturday night when the Silvas' son, Ronald, was host at a party for his young friends.

The young guests enjoyed an evening of dancing and games, with many intermissions for cokes, cup cakes and sandwiches.

Those present included Clifford Dias, Craig Bellati, Billy Batman, William Odom, Wanda Rae Mara, Donald Conn, Elaine Ferreira, Everett Greene, Elaine Souza, Buddy Holt, Martha Holt, Leonard Enos, Barbara Harting, Lois Sullivan, Frank Martinez, Joan Ross, Lorraine Duarte, Stanley King, Jean Hindmarsh and Kenny Vieira.

Newark Woman in Valley Towns

Mrs. Clara Williams of Newark is enjoying her visit in the valley so much that she is not quite sure when she will be home. She has visited in Oakdale, Modesto, and Turlock, staying with her sisters. She left a week ago last Tuesday.

Week-End Guest

Mrs. Sidney Carr of Mountain View, formerly of Niles, was a week-end visitor at the home of Mr. and Mrs. Wm. D. Cull, as was also Billy Cull of Richmond.

Many Attend Shower For Mrs. Habluetzel

A surprise baby shower for Mrs. Oscar Habluetzel last Saturday night proved to be a gala affair, not only for the ladies present but for their husbands as well.

The party was held at Mrs. Habluetzel's sister-in-law's, Mrs. Fred Weibel Jr., of Mission San Jose. Acting as co-hostess with Mrs. Weibel was Mrs. Jack Rickli of Mt. View.

The first part of the evening saw the men playing cards and pool in the rumpus room, while the ladies watched the guest of honor open her gifts, and later toasted her with pink champagne.

Later the women joined the men in the rumpus room, where a buffet supper was served. The remainder of the evening was spent in folk-dancing.

Those who attended included: Mmes. and Messrs. Bill Enos, Larry Dutra, Ed Rose, Gus Robertson, Jake Turnbow, Manuel Fontes, Maurice Marks, Vernon Leal, Gene Bettencourt, Ed Mara, Bud Boone, Jerry Stollenwerk, Mrs. Emelie Fields, Mr. and Mrs. Werner Mickel, Mrs. Barbara Carroll, Mr. and Mrs. Wilfert Keke, Mr. and Mrs. Leo Schegg, Mr. and Mrs. Fred Weibel Sr., and the guest of honor and her husband.

Those unable to attend were Mr. and Mrs. Wayne Day and Mr. and Mrs. Henry Enos.

Still Convalescing

Mrs. Mary Texera of Newark is receiving the sympathy of her friends. She has been confined to her home for two weeks with a severe cold and a touch of pneumonia that has left her so weak that she still spends most of her time in bed.

In the Hospital

Mr. James Hardy of Newark is in the Southern Pacific Hospital in San Francisco undergoing treatment. He was taken to the hospital last week. It is not known how much longer he will have to remain there.

See Skating Show

Mr. and Mrs. Joe Burnsed of Irvington spent last Saturday evening in Oakland where they enjoyed attending the Skating Varieties of 1950.

The Boy Scout program is carried on through more than 71,000 Cub Packs, Scout Troops and Explorer units.

Thinking Things Over . . :

By VIVIAN BATMAN

There are people—of course I don't mean YOU—who keep postponing their payment for their subscription to The Register, in the belief, I imagine, that we'll eventually get tired of sending them statements.

If we DO take them off the mailing list after waiting what we think is a reasonable length of time, they become offended and say, "Well, you KNEW I was going to pay for it."

So what are we to do? We're not mind-readers. We have no way of knowing that you intend to renew your subscription. We don't like to offend you by taking your name off our mailing list, so we keep throwing one good three-cent postage stamp after another in mailing statements to you.

If you only knew how I HATE to type out statements, you'd mail in your three dollars immediately!

NEWARK ORPHANS

How would you feel if you suddenly found yourself with nine (9) day-old babies on your hands?

Mrs. Robert Walstra of Newark underwent such a bewildering experience, but seems to have come out of it in pretty fair shape.

But before you begin to feel sorry for Mrs. Walstra, thinking of the laundry she must have, let us hasten to add that the babies were baby dogs.

Even so, it is no easy job, taking care of so many puppies.

Their mother, a collie, died on the day they were born. So Mrs. Walstra, loath to drown the helpless things, set out to feed them with an eye-dropper. From the eye-dropper they progressed to the baby-bottle stage. Now they are four weeks old and eating from a bowl like any normal dog.

Mrs. Walstra is quite proud of her adopted family, and says that the work and time she has spent on them is well worth it, for the puppies—part collie and part Irish Setter—are as cute as any puppies could possibly be.

The only fly in the ointment now is that she will hate to part with them!

AN IDEA THAT CLICKED

One of the best promotions I have ever heard of for a long time is that of the Kraftile Company and its Silver Dollar Anniversary. Everybody is talking about it.

It's not only good for Kraftile, but it's good for the town of Niles.

Shower Honors Newark Women

Mrs. Clark Redeker of Newark was hostess at a double shower last Friday evening. The two honored guests were Mrs. Peggy Cimino and Mrs. Kat Moran. Both women were completely surprised when they learned that the party was for them.

The guests included Mmes. Mildred Foster, Mary Ford, Lorraine Bradley, Vera Taylor, Gretchen Butz, Mary Melhase, Mildred Brown, Dotty Kaehler, Frances Mann, and Jacqueline Berg.

Total Scouts and leaders since 1910 was 16,500,000.

Danny Silviera of Newark also attended the party. There were 16 children present. The little host received many nice gifts and everyone enjoyed themselves very much. Ice cream, cake and pop were served. The children's parents also spent an enjoyable afternoon and sandwiches, salad, cake and coffee was served while the children had their treat.

JAPANESE-AMERICAN LEAGUE OBSERVES FIRST ANNIVERSARY

The members of the Southern Alameda County Japanese-American Citizens' League observed the first anniversary of their formation here on January 21 with a banquet at the International Kitchen.

In conjunction with the observance, Arthur Gomes, commander of the Washington Township American Legion Post No. 195, installed the new officers of the JACL.

The newly installed officers are: Yas Kato, president; James Fudenna, first vice-president; George Fukui, second vice-president; Dorothy Kato, recording secretary; Aki Kato, corresponding secretary; Sam Yamanaka, treasurer; Sumi Kato, social chairman; George Nakamura, historian; Kiyo Kato, public relations chairman; and Kaz Shikano, Shig Nakamura, K. Asakawa, Yutaka Handa and Ky Kato, board of governors.

William Bowsen, who helped process the evacuation claims, was guest of honor and spoke briefly, expressing hope for the speedy compensation of the claims.

Miss Sumi Kato entertained the group with several vocal numbers, accompanied at the piano by Gladys Nakashima.

Main address of the evening was delivered by Deputy District Attorney George Oakes Jr., who spoke on the subject, "Occupied Japan." He expressed belief that with occupation, the people of the two countries are beginning to understand each other and that ironically enough "out of this great conflict there is being forged a great friendship."

California's forestry program includes better timber management, protection of watersheds and improvement of ranges to provide better and more adequate grazing for livestock.

WHAT'S AHEAD FOR WOMEN PAST FORTY?

* * * * * * * * *

MILLS COLLEGE WOMAN WILL TELL YOU

What should a woman past forty do when her family is all raised and she finds time hanging heavy on her hands? Should she seek a part-time, or full-time, position? Should she just retire from any activity outside the home? Should she continue with her education, and should she spend more time in community activities?

These, and many other questions concerning the life of the woman past forty will be answered by Dr. Evelyn Steel Little, librarian at Mills College and professor of Comparative Literature, when she makes an address on "The New Look in Women's Education" at the International Kitchen on the evening of February 10. The address is being sponsored by the Business and Professional Women's Club of Washington Township, and is open to the public.

Dr. Little will elaborate on some of the ideas that Dr. Lynn White, president of Mills College, has been expounding in current periodicals. His article in the January issue of the Atlantic Monthly, entitled "Fair, Fit and Fifty," has some revolutionary ideas in women's education that will probably bring new hope to women who have found themselves put on the shelf at the age of fifty.

Dr. White believes—and also Dr. Little—that an education should provide women with the requisites for taking care of themselves economically, mentally, and physically, after they have passed the so-called prime of life.

"Nothing," says Dr. White in the Atlantic article, "would do more for the morale of women, and particularly of middle-aged married women. than the development of as many part-time jobs as possible."

Dr. White believes, however, that the main obstacle in women taking part in the economic life of our country is—men! "Many men," he writes, "are sensitive about having their wives work in paying jobs. They will have to be taught that the right to work is like the right to vote: a necessary form of human expression in a democratic society, and not limited by sex or social group."

If you care to hear more on this fascinating subject, you can hear Dr. Little, who will go further into the details of this interesting new philosophy for women.
